

# Summer 1 TERM NEWSLETTER

## Transport & Space!

Hello Nursery friends.

We are delighted to share our first newsletter for the Summer Term.

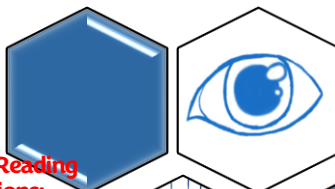

This half term we will be exploring Transport and Space.

We will be learning about:

- Which transport is on the land, in the air and on water.
- Which materials float or sink.
- How to stay safe on and around the roads.
- What type of transport you need to fly into space.

Here are the songs we will be learning together in School. Please feel free to sing them at home!

- Down at the Station
- We all go travelling by
- Up, Up, Up!
- Magic Train Ride

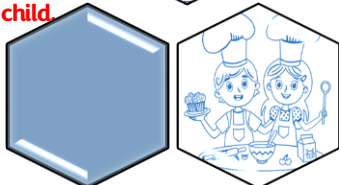

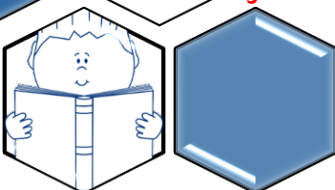

**Things to see:**  
Talk to your children about the vehicles you can see when you are together.

**Parent Reading Sessions:**

Every Tuesday at 11.30am or 3.00pm.

A lovely time to share stories with your child.

**Things you could make or do:**

Make a space rocket out of boxes and cardboard tubes.

Please continue to check the school website for updated information.

Remember, we are always here to talk to, if you have any concerns or if you want to share your child's achievements!

Mrs Cartwright-Fretwell & Mrs Radford.
