This is a summary of how our school delivers music education to all our pupils across three areas – curriculum music, co-curricular provision and musical experiences – and what changes we are planning in future years. This information is to help pupils and parents or carers understand what our school offers and who we work with to support our pupils' music education.

Part A: Curriculum music

This is about what we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve.

Curriculum Access and Allocation: We publish our music curriculum for each year group online and we provide information about how we increase access for disabled pupils and how SEND children are supported in music. Music lessons are timetabled and our children have at least one hour of music a week. For more details, please refer to the subject specific information section for music on our [school website](#).

Guidance and Opportunities: Our music curriculum is delivered through the Kapow scheme which follows the national curriculum for music, for teaching music from EYFS to Key Stages 2. We offer opportunities for pupils to learn singing or instrument playing during lessons, including whole-class ensemble teaching.

Partnerships and Support: We collaborate with local music hubs and other music education organisations to enhance our music program and provide additional support for our students.

Part B: Co-curricular music

This is about opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles and bands, and how pupils can make progress in music beyond the core curriculum.

Music Tuition Options: Our school offers small group music tuition outside lesson time. Year 5 pupils have weekly small group clarinet lessons provided by the Nottinghamshire Inspire Music. The lessons are free for pupils qualifying for pupil premium. These are also pupils who have previously worked with the Hub to learn the 'Toots' as a whole class ensemble.

Ensembles and Music Groups: Children in KS2 are able to join the school choir. Pupils attend weekly at no cost and have the opportunity to perform in front of their peers, families and the local community. Providing the opportunity for our children to be part of an instrumental ensemble, has been identified as an area for development.

Progression and Opportunities: This is an area for development and we are aiming to encourage pupils, over the next two years to advance in music through instrument loans, weekend, after-school, or holiday programs like Saturday music centres, and by achieving qualifications or awards. Facilities are available at Abbey Hill for individual or group practice and rehearsal. The school also benefits from partnerships with local music hubs and other music education organisations to support co-curricular music activities.

Part C: Musical experiences

This is about all the other musical events and opportunities that we organise, such as singing in assembly, concerts and shows, and trips to professional concerts.

Planned Musical Experiences: The academic year includes regular musical activities such as singing in assemblies, singing in the local community [to the residents of a local Nursing home, members of the Over 50s Club, the local library and shopping centre], school musical performances [EYFS and KS1 Nativity], concerts, and shows, along with trips to external concerts [Halle]. These events are designed to involve pupils from various year groups either as participants or audience members.

Participation and Support: The school collaborates with local music hubs and music education organisations to enhance these musical experiences. These include opportunities to perform in cross-trust events such as the yearly Transform Choir performance.

In the future

This is about what the school is planning for subsequent years.

Planned Improvements: Future plans include offering our children the opportunity for 1:1 instrumental tuition and to be part of an instrumental ensemble. These changes aim to align with the 7 features of high-quality music provision.

Implementation Timeline: Specific improvements are scheduled for phased introduction in the coming years, with detailed timelines for each initiative to ensure a structured and effective enhancement of music education and experiences. More information about the improvements can be obtained from the school.

Further information

The Department for Education publishes a [guide for parents and young people](#) on how they can get involved in music in and out of school, and where they can go to for support beyond the school.
