

YEAR 1 *Spring 1*

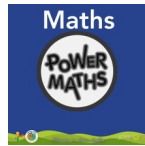

A very warm welcome back to Year 1. We say a fond farewell to Mrs Melton who has gone to work elsewhere in the school and say hello to Mr Pitchford or "Mr P". We are very excited about the new term ahead and all the learning we will be doing together.

English

We'll focus on familiar tales like The Gruffalo and developing our descriptive writing skills.

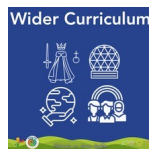

Maths

We'll be focusing on our knowledge of adding and subtracting numbers to 20.

PE and Sport

In PE we will be developing our gymnastic and other fundamental sports skills.

Wider Curriculum

How wonderful is our weather? We will be looking at some extreme weathers and creating our very own weather forecasts!

How you can get involved

Singing nursery rhymes and counting songs will continue to support your child to learn how to confidently count. This is still a really important skill to develop. Reading with your child is also still some important. Either their school reading book or reading with them at bed time. 😊

- PE will be on Mondays and Tuesdays.
- Stay and Read on Wednesdays.

Achieving our dreams together
